A Petition to Prevent the Demolition of the Historical St. Paul's United Church Sanctuary

To: **Mayor Krantz, Milton Town Councillors and Heritage Milton**
From: **Milton Historical Society and Concerned Citizens**

The congregation of St. Paul's United Church has given approval to pursue a proposal that would see the demolition of the 1890 Sanctuary building in favour of an 80 unit retirement residence and smaller church facility.

St. Paul's United Church Sanctuary is a signature architectural, cultural, historical and social landmark on Milton's Main Street. The building is one of the hallmark physical structures in Milton's Character Area and serves the local community well beyond its congregation.

The undersigned:
1. Are opposed to the demolition of the 1890 Sanctuary building.

2. Request that St. Paul's United Church be designated as a heritage building ensuring that its heritage features are protected.
